In Champagne, the disgorgement date (D) can matter as much as the vintage,
It marks when the wine was released from its lees and begins its final evolution.
Base (B) refers to the harvest year that forms the foundation of the blend, often supported by older reserve wines.

The Wines of Tavel : L’Anglore by Eric Pfifferling - Southern Rhône, France

Blurring the line between structured rosé and delicate light red wine, these show wild herbs, spice, vibrant red fruits and earthy Mediterranean garrigue.

Tavel is a tiny appellation spanning just 900 hectares — only slightly larger than Brisbane’s West End – and remains France’s only appellation dedicated exclusively to rose wine.

Through earlier harvesting, gentle infusion-style extraction and biodynamic farming, Eric Pfifferling helped redefine Southern Rhône with wines of freshness, perfume and energy rather than weight and power, echoing the lighter Grenache styles explored locally by producers such as Ochota Barrels.

These wines are produced in tiny quantities and sought after worldwide, and we’re genuinely excited to share them with you.
